

**REMARKS**

Claims 38-57 and 60-64 are in the application.

Claims 41-46 and 61 were previously allowed. Claim 61 has been amended slightly to remove the "graph" limitation. It should be allowable for the same reason as claim 41. Claim 61 requires extraction of named entities from a story segment; using the extracted named entities; and then presenting the extracted named entities with a corresponding frequency of occurrence over a selected time period.

Claims 38-40 are now amended to depend from claim 61.

Claims 47-57 now depend from allowable claim 61.

Claims 60-64 also depend from claim 61.

**CONCLUSION**

In view of the above amendments and remarks, it is believed that all claims are in condition for allowance, and it is respectfully requested that the application be passed to issue. If the Examiner feels that a telephone conference would expedite prosecution of this case, the Examiner is invited to call the undersigned.

Respectfully submitted,

HAMILTON, BROOK, SMITH & REYNOLDS, P.C.
